Shooting Sports, a thinking man's / women's sports as a therapy, can be applied to kindle one's emotions and to bring to life a whole new person. Shooting sports create opportunities to explore one's strength through concentrated activities. Such experiences increase mental disciplines, yielding to sharpening and expansion of concentration levels. As a result of this, students learn to be independent, assertive, self-reliant and have patience and gain maturity.

To achieve a healthier lifestyle while coping with the pressures of studying, one needs to be healthy both emotionally and physically. As a part of this process, NGI emphasizes the importance of sports, Gym, Yoga etc.. and considers them as an integral part of the curriculum.

Spicy Village is the NGI's largest college refectory intent for students and staff. It serves wholesome cuisine for the health and fast food for those intended in quick bite between classes.

## **NOBLE Outbound to Unlearn & Learn** Is someone who risks their life in extreme sports a HERO or a FOOL ?

Nehru Outbound for Leadership Excellence helps students to unleash the hidden potential and help them to reinvent themselves. In today's world, qualities like leadership, Beingself-driven, decisiveness and team spirit have taken on an unprecedented importance. We firmly believe that the traits can be learnt best in NOBLE than in class rooms. This facilitates an inner view of student's strengths and limitations, thereby leading them to high power individuals with a strong team spirit.
