Dear Friends and Well-wishers,

We are immensely proud and happy to see our dream of documenting the extraordinary life of P.K Das, the visionary founder of the Nehru Group finally come to reality. P. K. Das was a man who stood firm in his ideals, contributing innovative hopes and ideas to the field of education. As the founder of the Nehru Group of Institutions, he dedicated his life to empowering the younger generation. Recognizing the importance of education and the necessary technology, he believed in making it accessible to all and worked toward that goal. His ability to instill confidence and nurture the talents of every student who passed through our institutions allowed them to soar to new heights.

To those who knew him closely, he was a Lone Warrior. Every challenge he faced on his journey towards his vision became a lesson in resilience for him. This book, which captures the life story of this extraordinary individual, is sure to inspire and instill confidence in readers. We hope that through this book, his life, dreams, and ideas will reach to future generations and leave a lasting impact.

We warmly invite each and every one of you to the launch event of this book, "A Lone Warrior".
